**Account Executive**, The LanguageWorks - New York, NY **1999-01**

### REFERENCES

Liz was fantastic to work with on a rush project we had for an event where her designs were ultimately showcased in front of an audience of 20,000 people. She took the time to understand our needs and very quickly turned around some initial prototypes that were creative and professional. More importantly, she was a pleasure to work with as we refined those designs to match our ultimate vision. I would highly recommend Liz to anyone looking for high quality design work without all the overhead of a large agency.

**Scott Megill**  
President and Chief Executive Officer at Coriell Life Sciences

I witnessed her tremendous talent and expertise. This development came not only in the area of business achievement and leadership, but in integrity and character as well. [She] quickly learned to manage her time, work in group situations under strict deadlines, and to instil a strong work ethic, persistence, and intellectual integrity upon her peers. It is for these reasons that I offer my high recommendations without reservation. Her drive and talent will truly be an asset to your establishment.
